5. Choose the course in which you want to study the material, as we have created a course for the languages of the partner countries of the project. You can find the different courses in English as the main language, and in Italian, Romanian, Greek and Spanish.

The screenshot displays the 'Available courses' section of the E-MPROVER platform. At the top left is the 'e-mprover' logo. On the top right, there are icons for a globe, a notification bell, a speech bubble, and a user profile. The main content area is titled 'Available courses' and contains four course cards in a row. Each card features the 'e-mprover' logo at the top, followed by the text 'Miscellaneous' in a blue box and the course title in orange. Below each card is a grey bar with a right-pointing arrow and an orange 'Access' button. The courses are:

7. At the end of each module you will find a quiz that you must pass by answering at least 5 questions. Once you complete the three quizzes for each course you will have passed the E-mprover project course.

Below this, it states 'Grading method: Highest grade' and 'Attempts: 3'. A section titled 'Summary of your previous attempts' contains a table with the following data:
